

## Now is our time of Salvation

*saving us financially as part of grace  
by the Father, redemption of Jesus and  
power of the Holy Spirit*

In Iraq it takes 10,000 Dinar to buy bread, and in Zimbabwe it take a billion of their dollars. As of October 2014, America was about to join the plight of these nations.

Only a tiny percentage of people (far less than 1 in 1,000) have had any idea how close America has come to ruin; we have been so close to the edge of the cliff whereby we could slip into unrecoverable disaster – becoming a third world nation while the rest of the world cheered at our fall.

Our dollars, Federal Reserve Notes which were for a century the standard of the world, are now rejected by that world. Payment can no longer be made with FRNs in many countries and international organizations including OPEC. All the while our government has kept this information from public knowledge by control of the media nationwide.

There are warriors who have fervently prayed and taken bold action for the united States of America, that we might be saved from the evil of debt and deception. In the face of the greatest level of greed know in history, these warriors are speaking into existence the will of God.

Like the water, that was placed beneath a rock in the wilderness at the time of creation, waited for Moses to come forth in the time of need, so have the instruments of our salvation. Starting with the gold of David and Solomon that was stored in the South Pacific (and added to by more than a hundred wealthy families during the last 3,000 years), epic financial provision will now come forth. A group known as the Chinese Family is releasing this enormous wealth (hundreds of trillions) as provision for the good of all mankind. May all now see “Thy Kingdom come; Thy will be done on earth...”

The Family has pledged to back a new currency for the united States of America called US Treasury Notes (USTs), and of course it comes with required changes to remove corruption and restore our Republic. (Note the old money, FRNs, will become worthless over a short period of time.) Moreover, the greatest change in financial history will also empower poverty stricken nations and provide fully funded prosperity programs worldwide.

The last few weeks the evil cabal that includes some of the most famous and wealthiest people in the world, political puppets and organizations such as the Federal Reserve, Admiral Law court system, IRS etc. have made desperate attempts to prevent this blessing.

Those who have sought Godly business opportunities, relief from debt slavery, deliverance from the land of lack, and abundance for good work, I have good news: I am happy to affirm that the cabal has failed; this is our time of salvation.

*Maasai women  
singing praises to God*

In 2006 I travelled to a small village in the bush country of Kenya where a group of Maasai ministers were praying for rain (among the skeletons of dead animals, dust 4 inches deep, and without a blade of grass within many miles). I told them not to pray for rain, for God has made provision. I asked them to join with 50 fasting prayer warriors (who happened to be imprisoned in Tennessee) and to pray against the Principality that robbed them. And they did so pray. After their fervent prayer, I spoke what the Lord had given to me to speak, "It will rain in 3 days." And so it did rain – abundantly!

**"Now, I speak deliverance from lack and the release of financial provision. The Principality has been defeated! Prosperity of the Kingdom on earth shall now come forth. We shall see the bud of the blossom within 3 days hence."**
